Dear friends,

What is there to say about this year that hasn’t already been said? From COVID-19 to horrific wildfires, 2020 has pummeled us with one crisis after another, forcing us to find new forms of resilience and creativity to endure.

Normally, we’d be gathered at the Sentinel tonight, posing for our photo booth and toasting the year’s accomplishments. But while we may not be able to see each other in person, that doesn’t mean we can’t share an hour together in celebration and gratitude.

These disasters have not torn us apart, but made us stronger, more compassionate. Since March, we’ve seen an unprecedented outpouring of generosity from our community, whose support has helped us provide critical aid to the many people struggling to afford basic energy costs through the year’s turmoil. You have left us humbled, inspired, and grateful. We raise our glasses to you.

And so we’re excited to bring you our first ever Virtual Power Gala. We’re thrilled at this opportunity to make the event open and accessible to our entire community, to stream the stories of donors and clients right into your home. In spite of everything, we had a blast putting it together, and we hope you have a blast watching it.

Thanks for joining us! See you in the chat.
